

# Rednex, Ranger Jack

Ranger Jack, Ranger Jack  
let me have my girlfriend back  
Ranger Jack, Ranger Jack  
let me have her back

Her skin was soft, her eyes were deep  
Always gentle, kind and sweet  
In the night, with her bodyheat  
we never had to speak

Skies were blue, birds did sing  
Me and my darling had everything  
We had our nights under the moon  
til you came with your shiny boots

Ranger Jack, Ranger Jack...

Remember the barn, in the hay,  
you never gave me no or neigh  
Lovely eyes, your waving hips  
I kissed your lovely lips

The rain was hard, the wind was cold  
when you lay outside our door  
I helped you in and dressed your wounds  
and dried your shiny boots

Ranger Jack, Ranger Jack...

Now all alone, in this soak  
Down the dung with my rusty fork  
My mule is gone, you took her away  
to ride her night and day

Ranger Jack, Ranger Jack...
