

# Redwood (Switzerland), Fat Chance

Fat chance  
Under the circumstance  
You lead this life and death brigade

Showdown  
It's only half as bad  
You sold the other half to liability

Oh, just let it go  
Leave it alone  
You're outta control

We're living a lie  
We're all gonna die  
Hoping for love on the days gone by  
Stringing along, on and on  
Hoping for love on the days gone by

Da da da da da

Fat chance  
Under the circumstance  
This could be your last attempt

So slow down  
Enjoy the scenery  
Why find a cure when you already got the disease

Oh, just let it go  
Leave it alone  
You're outta control

Wer're living a lie  
We're all gonna die  
Hoping for love on the days gone by  
Stringing along, on and on  
Hoping for love on the days gone by

Da da da da da
