

REDZED, Junkie

It's the motherfucking Redzed, I'm a sick junkie
Speak to the devil in my sleep, low-key
I say fuck that, don't wanna be fiend
No other choice, I'd be six feet deep
I'm sick of the pain, of the voice in my mind
Give me the reason, 'cause I wanna die
Inject the needle, say fuck it, I'm out
None of you, fuckers, know what it's about

Save me
They calling me a junkie
And no one wants to fuck me
Oh baby, can you hug me?

Bitch, I wanna break, bitch, I wanna break some shit
Fuck another day, fuck the life, I split
I'ma take, take the razor blade, I slit
Fuck another vein, like I said, I'm sick of
All these voices, making choices
Screaming at me, I can't focus

Save me
They calling me a junkie
And no one wants to fuck me
Oh baby, can you hug me?

Why you always push me back?
Now I'm broken
Why I fall into your bait?
I'm so broken
