

REDZED, Mama I'm Rollin' Dope

Why the fuck you pretend you my friend, ho?
I know you wanna see me dead as a rat, ho
I know you wanna see me choke in all the flames, boy
So why you faking, why you playing all these games, boy?

Bitch, I'm a drug fucking user, mama said that was my fate
If I see a dirty needle, bitch, I never hesitate
Then I shoot that motherfucker, let that shit flow through my vein
I say fuck being sober, I would rather meditate

I'm so sick of you, bitch, always talking shit
Fuck your complex, ho, I don't want your company
I want your face melted in the fucking fire as I take the body parts
Burn 'em, bitch, I'm the messiah

I sold my motherfucking soul, sold it to the devil, ho
I sold my motherfucking soul, sold it to the devil, ho
I sold my motherfucking soul, sold it to the devil, ho
I sold my motherfucking soul, sold it to the devil

Like I said I'm sick, wrist slit, misfit, anger is taking the lead
Yah, fuck you, bitch, suck a dick, bitch, I'ma bury you deep
I don't, don't fuck with you, ho, you better, you better go
I sold my motherfucking soul to the devil, ho

Drug fucking user, mama said that was my fate
If I see a dirty needle, bitch, I never hesitate
Then I shoot that motherfucker, let that shit flow through my vein
I say fuck being sober, I would rather meditate

Now I realized, you're my parasite
Now I realized, you're my parasite
