

REDZED, MOSTWANTED

This beat sound like Need for Speed: Most Wanted
High-speed chase, you all know that I won it
Get fucking smoked, that's what they all call it
When I cruise in a bat eater going more than hundred
Moms get wet when they see me wheel-spinning
Stepping on the gas, ain't afraid of dying, living
Then I'd be in hell, in a place I've been in
Whole fucking live, get the motor loud, grinning
My balls are bigger than my engine
Got that 6.2; did I mention?
Everyday full tank, fuck a pension
Should I buy coke or the gas? Never patient
When I'm going in the maro one-fifteen
Love the sound of the popping and the shifting
When I'm going in a drift turn off to
Bitch I'm 2017, and you BC
Get fucked in your face with that Drop E sound
Comes straight from the place where it can be found
Mix rap with a breakbeat, future's now
Expect all that red heat muse just now
Get fucked in your face with that Drop E sound
Comes straight from the place where it can be found
Mix rap with a breakbeat, future's now
Expect all that red heat muse just now

I'm one step from my funeral
Closing my eye-eye-eyes
I'm one step from my funeral
Closing my eye-eye-eyes, I'm...

I'm most wanted
Bitch, I'm fucking most wanted
I'm most wanted
Bitch, I'm fucking most wanted
