

# REDZED, Satan Is My Dealer

Ayy, ayy, ayy, ayy

Triple fucking six in this bitch, ayy  
Bitch, I burn a fucking witch, voodoo shit, ayy  
Then I set a fucking fire in this church, ayy  
Let it burn in the flames, Satan save me  
Got the devil in my soul, got the craving  
To murder every fucker trying to face me  
'Cause I'm sick of this shit, I just hate it  
Can you end my fucking life, Satan, save me?

Come from the grave, Satan, my slave  
I commit murder every day  
I got the fire, I got the pain  
All in my vein every day  
Burning the church, I'm on a purge  
I do the murder, 'cause I got the urge  
I do the murder, 'cause I want the pain  
I do the murder, 'cause I'm the insane  
I sold my soul, bought some dope  
Bought some methadone and crack  
I got no hope, I'm so low  
Dopamine, can you come back?  
I got no life, take the knife  
Slit my throat, I die tonight  
I see the light, black and white  
Lucifer just took my life

Lucifer just took my life  
Exodus deadly and venomous  
I be the nemesis, invert the crucifix, uh  
Killer, the killer, the creep and the villain  
Bitch, I am the devil, no stopping me now

Triple fucking six in this bitch, ayy  
Bitch, I burn a fucking witch, voodoo shit, ayy  
Then I set a fucking fire in this church, ayy  
Let it burn in the flames, Satan save me  
Got the devil in my soul, got the craving  
To murder every fucker trying to face me  
'Cause I'm sick of this shit, I just hate it  
Can you end my fucking life, Satan, save me?
