

REDZED, WATCHED YOU SLEEP

I can see you, baby, through the hole in my heart
And I don't know if you are about to tear me apart
So I just sit in the corner and I try so hard
Just to remember last time we were "you and I"
Watching world burn to ashes, people going bat shit
Everybody jumping up and down, everybody retched
And now it's all gone, you are all that I wanted
So I decided to watch you sleep, and I'm gonna

I watched you while you sleep, and I did it 'cause I liked it
Did it 'cause I liked it, I'm not a creep
I watched you while you sleep, and I did it 'cause I liked it
Did it 'cause I liked it, I'm not a creep

Watched you while you sleep, and I did it 'cause I liked it
Did it 'cause I liked it, I'm not a...
Watched you while you sleep, and I did it 'cause I liked it
Did it 'cause I liked it, I'm not a...

When I look in the mirror I feel so fucking hopeless
'Cause I see the devil in me looking soulless
Should I get a fucking gun and shoot myself in the head?
Like the worthless piece of shit like I really care
But I don't give a shit, you can all just quit
Giving hope, giving faith, giving me reason to live
'Cause it's all gone now, and that all that I wanted
So I decided to watch you sleep, and I'm gonna

I watched you while you sleep, and I did it 'cause I liked it
Did it 'cause I liked it, I'm not a creep
I watched you while you sleep, and I did it 'cause I liked it
Did it 'cause I liked it, I'm not a creep

Watched you while you sleep, and I did it 'cause I liked it
Did it 'cause I liked it, I'm not a...
