

Reef, Funny Feeling

Here comes the sound

Always around

Hot lost, but found

When I am down

This is the sound

Always around

Not lost, but found

When I am down

I've got as funny feeling

And I wish it would go away

I've got as funny feeling

And I wish it would go away

I've got as funny feeling

And it's tearing me up

Shuffled as life

So hold me tight

Before I fall again

So far to fall again

Soothe

Soothe all of my sins
