

# Reel Big Fish, All I Want

why cant she make up her fucking mind  
i'm just here wasting so much time  
i know its not my fault its not my problem anymore  
Some day mabye she'll come back to me and i'll say  
why dont you go fuck your self  
every body's talking, they know that i'm lieing  
she gave me everything, all i want is more  
Yeah i wrote this song for her  
but it wont make up for anything  
i know its too late, so why do i worry  
its not my problem anymore  
Some day mabye she'll come back to me and i'll say  
why dont you go fuck your self  
every body's talking, they know that i'm lieing  
she wont do anything, i'll always wait for her  
Some day mabye she'll come back to me and i'll say  
why dont you go fuck your self  
every body's talking, they know that i'm lieing  
she gave me everything, all i want is more  
all i want is more  
all i want is more  
all i want is more
