

Reel Big Fish, I'm Her Man

let me put my finger in your nose
whoa, its not funny, no no no no
i can see you lookin down her shirt
i can see you liftin up her skirt
only gonna tell you once, only gonna tell you once
you better stay away from my girlfriend
you better stay away from her
im just givin warning so you get no broken bones
you better leave my girl alone
well i bet you can understand what i say
whoa, im really just playin
i can see you lookin down her shirt
i can see you liftin up her skirt
only gonna tell you twice, ask you really really nice
you better stay away from my girlfriend
you better stay away from her
im just givin warning so you get no broken bones
you better leave my girl alone
let me break your neck and crush your skull
whoa, you never listen, no no no no
i can see you lookin down her shirt
i can see you liftin up her skirt
ive seen too much of you
i cant take much more of this
you better stay away from my girlfriend
you better stay away from her
im just givin warning so you get no broken bones
you better leave my girl alone
