

# Reel Big Fish, Nothin'

everytime i try so hard i get  
nothin' (nothin')  
they say try and you won't fail, i  
get nothin' (nothin')  
i did all that i could i got nothin'  
(nothin')  
i tried so hard, for nothin' (nothin')  
i never wanted it that way, guess  
there was nothin' i could say  
i don't know what i want. but i know  
i don't want this  
i give up, i give in, i know i'm  
never gonna win  
i know it's really not your fault  
i'm gonna blame you anyway  
you say you're sorry, but i know it  
won't do no good  
i give up, i give in, i know i'm  
never gonna win.

i don't care, i don't  
care  
i don't care anymore  
it's gonna be all right  
cause i don't care anymore.
