

Reel Big Fish, Unity

There's a war goin' down between my brothers tonight
I don't want no war goin' down tonight
Civilization? Ha! I call it as I see it
I call it bullshit! you know, I still cannot believe it
Our evolution now has gone the way of hate
A world evolved resolved into it's stupid fate
Stop this war!
All so different yeah, I say we're all the same
All caught, you know in the division game
Self destruction fast impending like a bullet
No one can stop it, once it's fired, no one can control it
Stop this war!
A final word wait it's not a call to action
We ain't no sect, we ain't no fucking faction
Unity, unity you've heard it all before
This time it's not exclusive we want to stop a war
Unity as one, stand together
Unity, evolution gonna come!
