

# Reffer, Today Is The day

Hey Man! Please leave me alone  
Get out of this place now  
Get out of my home

Oh !! I want you cretin dead  
Don't come proud or strong and neat  
You filled up my head

I won't save your soul  
Don't drive me crazy, out of control  
Oh, Really

Today Is The Day and you'll have to pay  
Hey man don't tell me what can i say  
I only said to you: Beware!  
And please go away!

Your head is rolling in the stairs  
Your brain is flying in the air  
And i really don't care
