

Reffer, Today Is The day

Hey Man! Please leave me alone
Get out of this place now
Get out of my home

Oh !! I want you cretin dead
Don't come proud or strong and neat
You filled up my head

I won't save your soul
Don't drive me crazy, out of control
Oh, Really

Today Is The Day and you'll have to pay
Hey man don't tell me what can i say
I only said to you: Beware!
And please go away!

Your head is rolling in the stairs
Your brain is flying in the air
And i really don't care
