

Reflexion, Undying Dreams

Seize the passing while,
Run as far as you can go
Touch the whirl of wind,
Fly and hope you never fall
You won't fall

Never lose you home,
When the world gets painful and cold
Undying dreams can fall,
If you turn your back to the hope
And let the darkness veil your soul

All the millions of dreams that you've got,
Are wiped away with no meaning
Those thousands of hearts that you broke,
Are crushed, no, without feeling

Despise the one who cares,
Hate the one who tries to help
Who tries to help
The pain becomes your bliss,
When you rely on a truth that doesn't exist
It doesn't exist

Now you have lost your home,
And the one that loved you the most
Undying dreams are gone,
And your heart is cold like stone
And you still end up alone

(Chorus)
All the millions of dreams that you've got
Are wiped away with no meaning
Those thousands of hearts that you broke
Are crushed without a feeling
You can't hide all the scars in your soul,
They will haunt you cause you're still bleeding
You have taken this way too far,
Just to show and feel

In despair you have sacrificed it all,
Everything that matters the most

All the millions of dreams that you've got
Are wiped away with no meaning
Those thousands of hearts that you broke, they're lost...

(Chorus)

You're not alone
