

# Regina Regina, Ticket Out Of Kansas

(Tia Sillers)

I got my brother Frank's suitcase  
He used it once to join the army  
But they found out he had flat feet  
And stayed gone barely two weeks  
I got my sister Pearl's best dress  
She used to wear it dancin'  
But now she's married to a preacher  
And they don't allow that kind of thing

And I'm standing by this Greyhound  
I'm so scared that I can't stand it  
All dressed up in their hand me downs  
with this ticket out of Kansas  
Oh my ticket out of Kansas

Now Aunt Louise thinks I can sing  
She thinks I've got a shot  
She gave me her first wedding ring  
She let me put in hock  
Momma swears that I'm a treasure  
That I've got diamonds in my soul  
Waiting to be discovered  
Waiting for the world to know

And I'm climbing aboard this Greyhound  
I'm so scared that I can't stand it  
All packed up with all their hand me downs  
And this ticket out of Kansas  
Oh my ticket out of Kansas

Daddy hands me his bible  
Its marked the Book Of Jobe  
He says girl you're gonna need it  
Girl you better go

And I'm waiting from this Greyhound  
I'm so scared that I can't stand it  
All packed up with their hand me downs  
And this ticket out of Kansas  
They are all waitin' at my Greyhound  
I'm so scared that I can't stand  
'cause I know so many dreams are bound  
With this ticket out of Kansas

Oh my ticket out of Kansas  
Ticket out of Kansas  
Oh my ticket out of Kansas  
Oh my ticket
