

Regurgitator, Black Bugs

I got killed by black bugs on my video game
than i go to myself ' it doesn't mean that much'
I keep dying and dying over and over again
But I feel I'm alive so I'll just pretend

What's at the end
What's at the end
What's at the end of Satan's rainbow? (repeat)

Stared at the tv too long now and I'm not the same
I got too remind my self that it's just a game
It's getting harder and harder to get to sleep at night
I think I'll let them shoot me so that I can die

What's at the end
What's at the end
What's at the end of Satan's rainbow? (repeat) x4

Whats at the end
Tell me is this the end?
Whats at the end of Satan's rainbow?

Whats at the end x5
