

Regurgitator, Crush The Losers

Are you ready for the one?
Get on your knees 'cos your messiah has come
I'm fit, I'm stoned
I'm gonna bring you home the motherlode
Shaved muscle, hot fist
I'm number one there's nothing better than this
If you're second then you're last
Another extra in an all star cast

You're a real stiff bicky with a heart of steel
No going back this time you know it's for real
Here we go...
Crush! Crush the losers

Rock hard, like stone
You want your mama
But your mama's at home
You'll break and you'll mend
Get used to pain 'cos that's your only friend
Play tough, play to win
'Cos if you don't you may as well pack it all in
There's no wrong and no right
You're in the jungle baby you're gonna die!

You're a real stiff bicky with a heart of steel
No going back this time you know it's for real
Here we go...
Crush! Crush the losers

Crush! Crush the losers
Crush! Crush the losers
Crush! Crush the losers
Crush! Crush the losers
