

# Regurgitator, Feels Alright!

you know it feels alright  
every time you walk in the room  
and you look so fine  
and i let you know i'll dance with you  
'cause you're out of sight  
so that i'm sailing right past the moon  
and now the tune is right  
and your moves are making news tonight

i feel it in the air (x4)
