

# Regurgitator, Just Another Beautiful Story

[verse]

All that I am and all I'll ever be,  
Is a brain in a body.  
And all that I know and all I'll ever see,  
Is the real things around me.

[pre chorus]

All I've heard and it's true,  
There ain't no God there's just me and you.  
I don't see a point to this place,  
But I'm happy to be floating in space...

[chorus]

I won't mind if you're holding my hand,  
Life seems so fine when you don't understand it.  
The world turns around and it don't give a damn  
if we all die away and we never come back again.

[verse]

All that I am and all that I'll ever be,  
Is a brain in a body.  
I live til I die and then run away,  
It's a beautiful story.

[pre chorus]

All I've heard and it's true,  
There ain't no God there's just me and you.  
I don't see a point to this place,  
I'm happy to be floating in outer-space...
