

Regurgitator, Live At The Drive In (Black Bugs Single)

i love you baby you drive me crazy
with all your loving and sweet sweet candy
you know i love
oh baby please let me do

i know you never took it out on me
that's why you loved to jump around and be free
but i still love you
oh baby please let me do

but i still love you
oh baby won't you please let me do
but i still love you
oh baby won't you please let me do
