

# Rehab, Amends

Well I'm sorry and I apologize  
for any pain I may have caused you  
and I made you my enemy  
but now I need you as my friend  
and I've been wrong for so long  
not to ask for your forgiveness  
and if you don't accept, I'll understand  
but I need to make amends  
but I need to make amends  
It's hard for me to say this  
but I've been going through some changes  
and I'm really not quite sure where to begin  
I've been kissing devils  
and fighting angels  
putting the rest of you in danger  
and blaming you for the turmoil beneath my skin  
and my twisted versions of the truth  
are a weak man's attempt to look better than you  
can't believe your pain never gave you a grin  
and I've wanted to kill a thousand times  
but I think I just thought that I wouldn't survive  
but I found happiness ain't something you win  
Well I'm sorry and I apologize  
for any pain I may have caused you  
and I made you my enemy  
but now I need you as my friend  
and I've been wrong for so long  
not to ask for your forgiveness  
and if you don't accept, I'll understand  
but I need to make amends  
but I need to make amends  
Well I've lied to you so many times  
with a mad desire to control your mind  
searching for things that no one finds  
and I've killed your time and stole you blind  
I've taught you things you don't need to learn  
so I can cut in line and take your turn  
I've filled your head with snakes and worms  
on my search for a bridge to burn  
I wanna live with no uncertainty  
but that man in the mirror's been hurtin' me  
and I've come to you 'cause there's nowhere else to go  
Well I'm sorry and I apologize  
for any pain I may have caused you  
and I made you my enemy  
but now I need you as my friend  
and I've been wrong for so long  
not to ask for your forgiveness  
and if you don't accept, I'll understand  
but I need to make amends  
but I need to make amends  
If you see me sad, don't pity it  
I've been a god damn idiot  
My life, my fault, my actions make me break  
and I can't even see it, so be it  
that's what I think  
when everybody's gonna blame the world  
I blame my mom and dad and put it in a song  
I'm weak, so I act strong  
I'm short, so I talk long  
and layin' in the hospital  
I think, have I been wrong?  
all along  
I'm 29, still playin' "look at me"

what am I, three?  
self-esteem on E  
can't you see  
I've been often negligent  
almost never benevolent  
I think I'm intellegent  
but mostly irrelevant  
'cause I ain't changed one bit  
even though I quit  
who cares if I'm sober if  
I'm still gonna steal shit  
I had to be broken down  
another apocalypse  
to see what I had missed  
and just come and tell you this  
my pride, gotta suck it up  
my gut, gotta tuck it up  
so here goes, dawg  
I love you  
I f\*\*ked it up  
Well I'm sorry and I apologize  
for any pain I may have caused you  
and I made you my enemy  
but now I need you as my friend  
and I've been wrong for so long  
not to ask for your forgiveness  
and if you don't accept, I'll understand  
but I need to make amends  
but I need to make amends  
Well I'm sorry and I apologize  
for any pain I may have caused you  
and I made you my enemy  
but now I need you as my friend  
and I've been wrong for so long  
not to ask for your forgiveness  
and if you don't accept, I'll understand  
but I need to make amends
