

Rehab, My Addiction (Full Lyrics)

MY ADDICTION

Makes me piss on floors
And go home with these scabby whores
I took too much LSD
Now I'm at ICU at Emory
Cocaine and Coors
Comes out my pores
Puking in the kitchen
Down on all fours
My head's an earthquake
I sweat and shake
Ashes on the coke can
Ready to melt the cake
Spitting blood, picking sores
F**k cutting a line
Stick a straw in the bag and do it all at one time
F**king chicken heads wearing house shoes and rollers
Tried to pawn the remote control as a Motorola
Got a beep-bye-boo-boo poo lift and tuck
Pookie and Snoop Snoop and some other thug
Blacked out in the crackhouse
and wet my pants
I almost died
And dove out the ambulance
Stole my last Jack Daniels
Kicked the cocker spaniel
But first I did a bump off my high school annual
Getting geeked, hit the toilet for a quick jack off
By the time I get a nut I rip my dick skin off
Punch a hole in the wall
Got crabs on my balls
And I'm looking for a pebble in the carpet in the hall
Running from drug raids
My brains an arcade
My families afraid I got AIDS

MY ADDICTION

Makes me piss on floors
And go home with these scabby whores
I took too much LSD
Now I'm at ICU at Emory
Dope
Like a pound or a key
Doin'it all in the back of somebody's 300e
Don't even look at me I'm lost
No matter what the cost
I'll be snortin' frost
My life, coin toss
Ruffinals, percodan, blowin' four grand
Dimerol, white blotter, 16 grams
In my body right now
I'm so foul
I just lost all control of my bowels
Facing
The corner of a basement
My mouth tastin'
Aluminum, Freebasin'
What's wrong with Jason?
Look, I really don't know
But he's gonna have to go
Every time I see that fool he's on blow
I regurgitate
Tell my girl to go masturbate
I know it's late
Huffin' on paint and Quaker State

Drinkin' Robotussin when I got no fundin'
Inhalin' Scotch Guard in the front yard
The neighbor's know I'm crazy
My momma knows I'm lazy
And I just slapped the f**k outta some lady
Goin' in and outta treatment
Cause my life's so sickening
But it don't matter
Cause nothing stops
MY ADDICTION
Makes me piss on floors
And go home with these scabby whores
I took too much LSD
Now I'm at ICU at Emory
My addiction.
