

# Reilly Maggie, I Won't Turn Away

Look into her eyes  
Tell me if you see  
A love locked deep inside  
Will she call your name  
When you turn the key  
Or will she try to hide  
The fear that you won't stay?  
If you go  
Come to me  
And I won't turn away  
Come to me  
And I won't turn away  
Thinking of those endless days  
The laughter through the years  
Memories for my half-broken heart  
Remember all those shining nights  
Rapt withing our dreams  
Were you going to leave me, from the start?  
Search inside your soul  
Tell me can you find  
The answer to my prayer  
Is it me you want?  
If you change your mind  
Don't leave me in mid-air  
It all comes dow to you  
When she's gome  
Come to me  
And I won't turn away  
Come to me  
And I won't turn away  
Thinking of those endless days  
The laughter through the years  
Memories for my half-broken heart  
Remember all those shining nights  
Rapt withing our dreams  
Were you going to leave me, from the start?  
Look into her eyes  
Tell me if you see  
A love locked deep inside  
Will she call your name  
When you turn the key  
Or will she try to hide  
The fear that you won't stay?  
If you go  
Come to me  
And I won't turn away  
Come to me  
And I won't turn away  
Come to me  
And I won't turn away  
Come to me  
And I won't turn away
