

Reilly Maggie, Little Boy's Eyes

There's something in the air tonight
A feeling all around me
The glimmer of a distant light
A star to guide me
I don't believe it, it can't be true
Halfway up to heaven
I put my faith and my trust in you
Don't let me down
You smile and like a rainbow
Everything's bright in my little girl life
Your laughter makes my heart glow
You make me cry with those little boy's eyes
I didn't know the time was right
You came along and moved me
Now everything is here tonight
The way you love me
Don't believe it, it can't be true
I'm halfway up to heaven
I've put my faith and my hope in you
Don't let me fall
You smile and like a rainbow
Everything's bright in my little girl life
Your laughter makes my heart glow
You make me cry with those little boy's eyes
Never go too far away
Stay here beside me
And with your gentle loving ways
Don't ever leave me
You smile and like a rainbow
Everything's bright in my little girl life
Your laughter makes my heart glow
You make me cry with those little boy's eyes
You smile and like a rainbow
Everything's bright in my little girl life
Your laughter makes my heart glow
You make me cry with those little boy's eyes
You make me cry with those little boy's eyes
