

# Reilly Maggie, Oh My Heart

I didn't know it would feel like this  
To miss the warmth of a tender kiss  
To lie here on my own  
Awake drift alone  
And watch the dawn  
Bring in another empty day  
No one told me how joy can fade  
With separation doubts invade  
Do I have faith enough?  
Help me find a way  
Oh my heart  
I'd share this moment with you now  
Oh my heart  
If I could hold you here  
A little piece of heaven  
To bring you closer to me  
With all my heart  
I'll keep this love  
Shining  
Till you come back to me  
Oh my love  
So sleep, come take me now  
And send me all my hopes allow  
I'll wrap you in my arms  
And carry us away  
Oh my heart  
I'd share this moment with you now  
Oh my heart  
I need to feel you near  
A little piece of heaven  
To bring you closer to me  
With all my heart

I'll keep this love shining  
Till you come back to me  
Oh my love  
Just walk with you in the rain  
Always be like it was the first time  
Oh my heart  
Don't let this moment disappear  
Oh my heart  
I need to feel you near  
A little piece of heaven  
To bring you closer to me  
With all my heart  
I'll keep this love  
Shining  
Till you come back to me  
Oh my love  
A little piece of heaven  
To bring you closer to me  
With all my heart  
I'll keep this love  
Burning  
Till you come back to me  
Oh my love  
A little piece of heaven  
To bring you closer to me  
With all my heart  
I'll keep this love  
Shining  
Till you come back to me...
