

Reina, Find Another Woman

Could I be dreamin'
But something feels so wrong
It seems like lately
Your feelings are not as strong
I see it in your eyes
I feel it in your touch
I hear it in your answers
When I tell you I love you so much

I can't read
What's runnin' through your mind
But if you think its over
Just tell me, tell me, tell me

Go on and find another woman
Who is just what you need
You can go try
But I won't stand right by why you wonder, wonder, so please
Go on and find another woman
Whose as good to you as me
Just wait and see that there's no one like me who will love you, love you, love you
Like I do

Now you know I need you
But honey I've got my pride
After all this time you should tell me
What you're feeling inside
If you're trying to protect me
Then you're not being fair, no, no
Cause I deserve a real lover, not someone pretending to care

I can't read
What's going through your mind
But if you think its over, tell me, tell me, tell me

Go on and find another woman
Who is just what you need
You can go try
But I won't stand right by why you wonder, wonder, so please
Go on and find another woman
Whose as good to you as me
Just wait and see that there's no one like me who will love you, love you, love you

Go on and on and find
I hope she's just what you need
You can go try but I won't stand by
While you wonder, wonder
Go on, go on
I hope she's good to you
Just wait and see that there's no one like me, who will love you, love you, love you
Like I do

Like I do
Who will love you
Who will love you
Who will love you
Like I do
Like I do
Like I do
Like I do
Like I do
Like I do
Like I do

Like I do
Like I do
Like I do
Like I do
Like I do
Like I do
Who will love you
Like I do
