

# Relient K, Mood Rings

we all know the girls that i am talking about  
well they are time bombs and they are ticking  
and the only question's when they'll blow up  
and they'll blow up; we know that without a doubt  
cause they're those girls, yeah you know those girls that let their emotions get the best of them

and i've contrived some sort of a plan to help my fellow man  
let's get emotional girls to all wear mood rings  
so we'll be tipped off to when they're ticked off  
cause we'll know just what they're thinking  
cause what they're thinking...

she's so pretty but she but doesn't always act that way  
her mood's out swinging on the swing set almost every day  
she said to me that she's so happy it's depressing  
and all i said was "someone get that girl a mood ring";

if it's drama you want then look no further  
they're like the real world meets boy meets world meets days of our lives  
and it just kills me how they get away with murder  
they'll anger you then bat their eyes; those pretty eyes that watch you sympathize

and i've contrived some sort of a plan to help my fellow man  
let's get emotional girls to all wear mood rings  
so we'll be tipped off to when they're ticked off  
cause we'll know just what they're thinking  
cause what they're thinking...

she's so pretty but she but doesn't always act that way  
her mood's out swinging on the swing set almost every day  
she said to me that she's so stressed out that it's soothing  
and all i said was "someone get that girl a mood ring";

cause when it's black (it) means watch your back because you're probably  
the last person in the world right now she wants to see  
and when it's blue it means that you should call her up immediately  
and ask her out because she'll most likely agree  
and when it's green it simply means that she is really stressed  
and when it's clear it means she's completely emotionless (and that's all right i must confess)

we all know the girls that i am talking about  
she liked you wednesday but now it's friday and she has to wash her hair  
and it just figures that we'll never figure them out  
first she's jekyll and then she's hyde....at least she makes a lovely pair

mood ring oh mood ring  
oh tell me will you bring  
the key to unlock this mystery  
of girls and their emotions  
play it back in slow motion  
so i may understand the complex infrastructure known as the female mind

[speaking:]  
heh...that's terrible
