

Relient K, There Was Another Time In My Life

I know that I've come a long way
My heart's headed in the right place
But sometimes your past's hard to face
But now I know you

Ba-Da-Ba-a

There was another time in my life
There was another time in my life
(Oh-oh-oh-oh)
There was another time in my life
Before I knew you

Ba-Da-Ba-a

I sailed through the high winds and waves
I wondered if I could be saved
But I have emerged unscathed
Because I know you

Ba-Da-Ba-a

There was another time in my life
There was another time in my life
(Oh-oh-oh-oh)
There was another time in my life
Before I knew you

Before I knew you
Before I could see
That you could take all my troubles from me
Before I knew you
I was so incomplete

There was another time in my life
There was another time in my life
(Oh-oh-oh-oh)
There was another time in my life
Before I knew you

There was another time in my life (There was another time in my life)
There was another time in my life
(Oh-oh-oh-oh)
There was another time in my life
Before I knew you
I was incomplete
