

# Relient K, Where Do I Go From Here

Leaving  
May not be coming home  
Needing  
To know I'm not alone  
Even  
Though I can't feel a thing

Taking  
Time to get over it  
Making  
The best of what won't quit  
Breaking  
Me down I can't feel a thing

Where do I go  
Where do I stand  
Where can I find myself again  
Where do I go  
If not disappear  
Where do I go from here

Tracing  
My steps right back to you  
Racing  
The clock to save an hour or two  
And facing  
The fact that I don't feel a thing

I'm dealing  
With what I can't control  
Feeling  
Confused cause I don't know  
If healing  
Is when you don't feel a thing

Where do I go  
Where do I stand  
Where can I find myself again  
Where do I go  
If not disappear  
Where do I go from

Whoa-oh  
Whoa-oh  
Whoa-oh

I still can't feel a thing
