

Relish, Love Is

wake me up
from my bed
I love you
is what she said

Bridge:

now I'm feeling like I'm back from the dead
and I just can't get you out of my head
you and me, you and me
we've got something special that the world can see

Chorus:

love is the life that we live together, live together
love is the joy that we share together, share together

you have come
from my car

Bridge & Chorus (repeat)
