

# Remady & Manu-L, Save Your Heart

You gotta save your heart for me

Walk up in the morning  
And my head is all messed  
I must have made it through the loneliness  
But I can't find your address  
Where are you now?  
Everywhere I go all I see is your face  
There's something missing that I can't replace  
I turn around but it's not you  
Will we ever meet again?

You gotta save your heart /x3  
You gotta save your heart for me

No matter what I do I can't let go  
I got to find a way to let you know  
But I do spin around and around  
Where are you now?  
You got me going crazy  
Can't you see  
That I was made for you and you for me  
If not today I know tomorrow  
I will be with you again

You gotta save your heart /x3  
You gotta save your heart for me

Doncha forget about /x2  
Doncha forget about me

You gotta save your heart /x3  
You gotta save your heart for me

Doncha forget about /x2  
Doncha forget about me
