

# Remedy, All The Lessons

(Anderson/Cocks)

I was a rough boy babe I was a tough boy babe  
I really made you bleed  
I used you babe and I abused you babe  
Now tell me what more do you need  
What more do you need

Don't turn the other cheek  
Unless you want it beaten in  
Fight violence with violence  
It's the only way to win

All the lessons we gotta learn  
All the bridges we gotta burn...burn 'em  
All the lessons we gotta learn  
All the bridges we gotta burn...gonna burn 'em

Leave me alone, don't talk to me  
'Cause I got nothin' to say  
Oh Leave me alone don't tell me the rules  
'Cause I don't want to play  
I don't want to play

Don't turn the other cheek  
Unless you want it beaten in  
Fight violence with violence  
It's the only way to win

All the lessons we gotta learn

All the bridges we gotta burn  
All the lessons we gotta learn  
All the bridges we gotta burn...burn 'em  
Ow! Gonna burn!

Don't kiss me babe, don't miss me babe  
I won't remember your name  
Don't hold me babe I told you babe  
For me it's just a game  
It's just a game

Don't turn the other cheek  
Unless you want it beaten in  
Fight violence with violence  
It's the only way to win

All the lessons we gotta learn  
All the bridges we gotta burn...burn 'em  
All the lessons we gotta learn  
All the bridges we gotta burn...burn 'em  
All the lessons we gotta learn  
All the bridges we gotta burn  
All the lessons we gotta learn  
All the bridges we gotta burn  
Gotta burn 'em, yeah!  
I'm gonna burn 'em!
