

Remedy, Juice On The Loose

(Anderson/Riley)

Yeah, gotta get out on the prowl, and howl...yeah!

I wanna howl, I wanna prowl
I wanna go on out and dig my trowel
Oh mama, c'mon turn me loose

I need a trick, I need a kick
To get me runnin' make my motor tick
Oh mama, c'mon stroke my goose
Yeah, stroke stroke

Juice on the loose
Juice on the loose
Juice on the loose
Juice...I'm havin' trouble gettin' rid of my juice
Oh yeah

Don't need a pill, I need a thrill
I need a job where I can use my drill
Oh mama, c'mon turn me loose
'Cause I'm all wound up

I wanna bite, I'm wound up tight
I need to lose enough to put me right
Oh mama, c'mon stroke my goose

Juice on the loose, you stroke it so good
Juice on the loose, I knew you would
Juice on the loose, look out for the juice
Havin' no trouble with my juice, anymore

Feelin' pretty good

Juice on the loose
Juice on the loose
Juice on the loose, look out sugar here comes the juice

Look out honey don't break it

Juice on the loose, that's alright for now
Juice on the loose, yeah wow wow wow!
Juice on the loose

Oh baby, havin' no trouble no more
Oh baby, oh oh, no more
I ain't havin' trouble honey...anymore
Ow!
