(Rose Tattoo)

It's hard when you stumble, it's harder when you fall
Yes it's hard when you stumble, it's harder when you fall
It's hard livin' with a broken heart, it's harder not to love at all
It's hard livin' with a broken heart, it's harder not to love at all

It's hard when you're humble, it's harder when you crawl
It's hard for me to be humble, it's harder when I gotta crawl
It's hard eatin' crow, it's harder not eatin' at all
It's hard eatin' crow, it's harder not eatin' at all

I'm goin' down to Texas where the long legged woman roam

I'm goin' down to Texas where the big breasted women grow
I'm gonna get some Texas pussy gonna rock away all night
Gonna roll, yeah some fine lookin' women there

It's hard when you stumble, it's harder when you fall
Yes it's hard when you stumble, it's harder when you fall
It's hard livin' with a broken heart, it's harder not to love at all
It's hard livin' with a broken heart, it's harder not to love at all
Harder not lovin' at all
