

# Remedy, The Radio Said Rock 'N' Roll Is Dead

(Anderson/Meyer)

Growing up it take a lotta time  
First you learn the music then you learn the rhyme  
Melody is what you need when you're down  
Harmony the world goes 'round and 'round

Radio said rock 'n' roll is dead  
To my room I panicked and fled  
It wrecked my mind and filled me with fright  
Elvis, Chuck 'n' Jerry got me through the long, long night

Gotta pull on my jeans and my dancing shoes  
I'm going out and sing some rhythm 'n' blues  
Rock 'n' roll is the name of the game  
And when it takes me over things ain't the same  
Lotsa times we played for free  
We had a taste we had a need  
Twelve bar blues in four bar time  
Beautiful words that just fell in rhyme

Radio said rock 'n' roll is dead  
They're going insane they must be out of their head  
Radio said rock 'n' roll is dead  
But I don't care what the radio said

You will hear the banshee sing  
The day you lose that shuffle 'n' swing  
You will hear the death bell toll  
The day you lose that rock 'n' roll

Radio said rock 'n' roll is dead  
To my room I panicked and fled  
It wrecked my mind and filled me with fright  
Elvis, Chuck 'n' Jerry got me through the long, long night

Radio said rock 'n' roll is dead  
They're going insane they must be out of their head  
Radio said rock 'n' roll is dead  
But I don't care, he don't care, what the radio said
