

# Remo Forrer, Watergun (Eurowizja 2023 - Szwajc

When we were boys  
We played pretend  
Army tanks and army men  
Hide and seek  
Grow to be the kings we dream  
Where did we go?  
We're standin' on the frontline  
Where did we go, we go?  
I don't wanna be a soldier, soldier  
I don't wanna have to play with real blood  
We ain't playin' now  
Can't turn and run  
No water guns  
No no  
I don't wanna be a soldier, soldier  
I don't wanna have to play with real blood  
'Coz we ain't playin' now  
Can't turn and run  
No water guns  
Just body bags that we've become  
Adolescence, breaking rules  
Nothin' hurts when you're bulletproof  
I remember, yes, I do, I do  
Where did we go?  
We're standin' on the frontline  
Where did we go, we go?  
I don't wanna be a soldier, soldier  
I don't wanna have to play with real blood  
We ain't playin' now  
Can't turn and run  
No water guns  
No, no  
I don't wanna be a soldier, soldier  
I don't wanna have to play with real blood  
Cause we ain't playin' now  
Can't turn and run  
No water guns  
Just body bags that we've become  
What we've become  
What we've become  
What we've become  
Playin' with water guns  
Not playin' with water guns
