

Remy Shand, The Mind's Eye

I remember when, uninspired, conversation could
Fuel my fire
Lookin' at me, so heavy handed
Could loosen my (((strength)))
(Together as one)
The body is gone
(although it hasn't disappeared)
I'll be the one
To set like the sun
As far as the eye could see
I could see no light
I could see no light (2x)

Settle down, talkin' love, talkin' beauty of it all
I could pleet , I could make heads meet
Leave your value, Leave your virture
Seize the makin' of some new company
(The age is dispassion)
Will sevy(?) back silent
(don't tell me what I should have been)
(the reign of our action)
Will change us for the night
As far as the eye could see
I could see no light
I could see no light (2x)

As far as the eye could see
I could see no light
I could see no light (2x)
