

# Remy Zero, Gold Star Speaker

Who was gonna tell you  
that I can speak a word?  
But its almost taken over  
into the gold.

Our first days are over now.  
The machine has come undone.  
And the last ones will remember us  
just like any dream.  
Star speaker into the gold.  
Star speaker.

Chorus:  
I was gonna tell you  
through the words sent over at last.  
It's a long stretch  
out of the marrow  
and into the best  
star speaker.  
Star speaker into the gold.  
Star speaker.

Repeat chorus.
