

Remy Zero, Out/In

One night
one flash of brilliant light
i pray you come soon
strong words
strange hands
a million
i pray i get through
to you

chorus:
so go out and
make strong your stance
you were the best of them
just breathe out and in
hold me again
cause then you're off to them
like the rest of them
you're gone

and i'll wait
i'm fine here i could wait
i'll wait till you get here
just be the star
i have always known you were
perfect sound
you're perfectly clear
from here

chorus

i'm falling down
my wings don't work the way
that yours do
i know
just turn
and walk along
till you get home
i'll meet you at home

chorus

one night
one flash of brilliant light
i pray you come soon
