You're in the mind of a cannibal king  
Where chaos and anarchy roam  
And trouble is bubbling under the skin  
A certain insanity shows  
Whenever I pick up the mic and begin  
Whenever these words that I write  
With my pen come alive  
They ignite like I pulled out the pin

Animal flow

Out in the jungle, I'm ready for war  
I'm beating your brains with a bat  
And I'm swinging it back  
And it's booky, I bite 'cause I'm bored  
Lord of the Cannibals, bro  
A murderous mind that you can't ignore  
I wait and react with combat on the counter attack  
I'm the king of the jungle, I roar

Animal flow

I'm the flow CEO  
I've got mountains of murderous rhymes  
Mountain volcanic  
I blow and cause mayhem and panic  
There's no where to run from my mind  
I'm an impassible foe  
Never slowing, just growing  
And flowing with intricate lines  
Yes, I will dig in my teeth  
When I bite like a beast  
Blood, I drink it like wine

Animal flow

Out in the wilderness I will be king  
Sit on my throne, I'm the Lord of the Rings  
Out on my own, I'm a terrible thing  
Animal skins, over my shoulders like bling  
They will be clothing my sins  
I came to win, over and over again  
I take your life with a grin

Mary had a little lamb

Who's fleece was white as snow  
It made the blood look so much redder  
When I slit its throat  
Watch it drip, drop, drip, drop  
Until the ground was soaked  
Oh, Mary, Mary  
Quite contrary  
How the blood it flows

Horrific, explicit  
I bleed parasitic  
Acid, I'm eating your flesh  
Don't fidget, I'm livid  
Not mentally with it  
I get kind of sick when I'm stressed  
I am the eye, I am the storm  
I am the fury, I am the scorn  
I am the belly, I am the beast  
Yes I am, yes I am, yes I am

Yes, I'm an animal  
Yes, I'm an animal  
Yes, sometimes the things I do are irrational  
Yes, sometimes the things I do are quite radical  
Yes, I will be waging war on the capital  
Yes, I will burn the Houses of Parliament down  
'Cause hypocrites - they burn quite easily, wow  
Burn and pillage it all to the ground  
Your illegitimate king lost his crown

Animal flow  
Show no mercy under my rule  
I won't be kind, I will be cruel  
Drown all my foes in a paddling pool  
Yes, I'm tyrannical bro, so  
Never mistake a man for a fool  
I'll take your ignorance right back to school  
And teach you a lesson for testing my cool
