

# Ren & Stimpy, Captain's Log / Space Madness

Ren: Captain's log. Cadet Stimpy and I have been stranded on the planet Baldknob for the last thirty-six years. Our supplies are dangerously low and we've had to breathe ammonia these last eighteen years. Fortunately, we had to eat what was left of the ship. Aaahh, at last the voices have stopped for awhile. But I suspect I can no longer turn my back on Cadet Stimpy. The rigors of space travel have somehow twisted his mind. He's gone crazy. He's got the space Madness!!

Ren: They think I am crazy but I know better.

It is not I who am crazy

It is I who am mad

Didn't ya see the crowds

You can't take it from me now

I've had this ice cream bar

since I was a child

People always trying to take it

from me

Why won't they leave me alone?
