

# Renaissance, Friends

Imagine a new world  
Unseen and without form  
And this our day, a new dawn  
Some people are lonely  
Some people are so sad  
Reach out and give what you have

Chorus:

Friends are always there  
In good and bad times  
Always taking care, you're in my mind  
And I'll try hard to take my share  
Call and you know I will be there  
From the start right to the end  
Time for old friends

If ever we're parted  
I'll think of you with me  
My smile, the one you give me  
Imagine this new world  
Friends full of sharing  
A new world filled with caring

Repeat chorus and second half of chorus
