

Renaissance, Love Is All

My love is the ocean, seas of seeing
My love is living and being
My love is the wind all cast through
My love is real and you

Love is all, love is one, love is one

My love is the sky and the air
My love is around everywhere
My love is the earth and eternity
My love is forever and free

Love is all, love is one, love is one

My love is the way and the song
My love is all and is one
My love is below and above
And everywhere love is love

Love is all, love is one, love is one
