

Renaissance, Pearls Of Wisdom

Quiet lapping waves
On this gentle day
Sweet divine you came
So faintly I heard you
My hopes and dreams you carry
Inside the hearts of all the trees
Like a ship at sea
Coming for me
When the thunder came
We sheltered and prayed
In my life again
The greatest emotion
A lightness in my body
I spread my wings to fly with you
Most amazing view
Touching heaven
Through the air I see a garden
Down it's path we all must go
The pearls of wisdom
Run down my face
Caught in love
Oh as the love flows
Oh caught in this glow
Oh as the love flows
Oh so we all grow
Oh as the love flows
Oh as the love flows
