

Renton, Lazy wild

When I wake up
I wanna hear a good word from you
And I want it to be true
When I fall asleep
I wanna walk with you in my dream
In my dream
I wanna lazy mornings with you
Turn into crazy nights with you
Survive the twilight in your arms
Until finally sun goes up and shines
And screams out loud
On black Tuesday
I wanna find your hand in the dark
When my brain is inside out
All these cheesy scenes
Explain exactly what our love means
Our love means
