

# Rentrer en Soi, I Was Dammed

Fuck Get out your emotion  
Full of chaos Scream of born  
I can not feel of myself  
Field of real you can bloom I know whatever  
Avoid bleeding of dream  
I can not feel of yourself  
Field of real you can fly you know whatever  
I kept everything inside and even though i tried, it all fell apart  
amai yami ni tokereba ii  
kudaranai genjitsu wo sutete  
sou omou daro?  
muimina subete wa tada karamaru  
kizamareta kuukyona hibi  
Show you check it out and go  
Are your weakness and sadness burning?  
Drop of mad Drop of bad  
ima koko de umareru no sa Blood  
I can not deal with myself  
Field of unreal you can bloom i know whatever  
Avoid bleeding of dream  
In the bottom of chaos  
There's something inside me that pulls beneath the surface  
You know whatever  
I kept everything inside me and even though i tried, it all fell apart  
munashii hibi no kurikaeshi  
nemurenai yoru no shinon  
itsumade mo kesenai yuutsu  
nari tomaranai nageki no shinon  
hanarete yuku subete no omoi to  
shinda mama ikiteiru shinon  
Watch it count down to the end of the day  
Fear is how I fall Confusing what is real  
azayakana tooi sora e  
Show you check it out and go  
Are your weakness and sadness burning?  
Drop of mad Drop of bad  
ima koko de umareru no sa Blood  
anata mo soko kara nukedashitai no ka?  
ima kara demo osoku wa nai  
koko de subete wo sono te de buchikowasebail no sa  
kizamareta kuukyona hibi  
Show you check it out and go  
Are your weakness and sadness burning?  
Drop of mad Drop of bad  
ima koko de umareru no sa Blood  
Drop of mad Drop of bad  
hizamazuite kiero  
Drop of chaos Drop of chaos
