

# REO Speedwagon, Wherever Your Goin It's Alrig

Say good-bye  
Look to the sky  
Set your course on into the night  
Say good-bye  
Hold your head high  
Wherever you're goin it's alright

Things must change  
You know they always do  
Get re-arranged  
No reflection on you  
Just face the danger  
And follow it through  
And the change is gonna be for the best

Well I know  
How crazy it feels  
When you go  
Go out shufflin your heels  
So take it slow  
And make only good deals  
You're a young man and it's time to go west  
Oooh yes

You say good-bye

You look to the sky  
Set your course on into the night  
You say good-bye  
You hold your head high  
Wherever you're goin it's alright

Take a chance  
Go on make your move  
Nothin' fancy  
You got nothin' to prove  
Just make a stance  
You know were countin' on you  
You are the one with the vision

So move out  
Move ahead of the fear  
Have no doubt  
In your mind there's a very clear out  
And someone must steer  
It is you who must make the decision  
Oooh yeah
