

Reset, Pressure

Everyone is staring
Down at me again
Something's lacking
My friends
Never let me in
I feel the pressure
Pushing me
It's pushing me again
I can't take much more
Not any more,
Not any more I feel
That I've been pushed and
Held again the wall
No one, knew
How I felt inside
I feel, the walls are
Falling down
Inside my mind
I need, some time
To get away
Why can't anyone
Just listen
Leave me all alone
How come no one
Understands me
Leave me all alone
