

Retard-O-Bot, I Don't Know You

The people I know, I don't know yet.
This becomes clear,
and its becoming clearer.
I never thought I had to
so I never paid attention.

(?)
the people I love, I don't know yet
as this becomes clear,
you pulled out the rug from under me,
then I knew,
that I never really paid attention

(?)
F*ck you...
This person I knew,
meant everything.
Now its clear,
I was so oblivious,
now I know,
I never paid attention,
no, I never did.
